## PROSPECTUS

Upstream Oil & Gas and  
Downstream Oil & Gas Insurance and  
Risk Management Training Courses

LONDON SUMMER COURSES

1 – 5 July 2019

# TESTIMONIALS FROM PREVIOUS DELEGATES

*“The training was very comprehensive and very well organised. Congratulations to all JLT people engaged in this training”.*

*“Thank you for the excellent arrangements during the course”.*

*“The course was very good, I enjoyed it and it certainly added to my knowledge”.*

*“A great course with a very good mixture of listening to interesting speakers, group tasks, evening entertainment and an opportunity to meet some colleagues from the industry!”*

*“Very interesting and complete training.”*

*“The course was very informative and I will recommend to others”.*

*“Thank you to all persons involved in this course which was really good and very well organised. Every speaker was very interesting”.*

*“All the subjects covered were very beneficial – a great job and very good structure to the course”.*

*“I was extremely impressed with the calibre of the speakers and supporters. The quality and spread of topics/material makes this one of the best courses in energy and insurance in general I have attended”.*

*“Overall, very well organised and useful. The course is dense but the speakers make it interesting and easy to understand.”*

*“Thanks to all of you. I really enjoyed this course!”*

# JLTACADEMY

## Upstream Oil & Gas and Downstream Oil & Gas Insurance and Risk Management Training Courses 2019

### THE JLTACADEMY

JLT founded the JLTAcademy to provide a focus for delivering Insurance and Risk Management training to our clients, prospects and other important business contacts and to ensure that we continue to provide it to a consistently excellent level.

Each course offered by the JLTAcademy gives delegates the opportunity to gain knowledge, skills and experience in their chosen insurance field as well as in techniques and practices used by industry experts.

Participation encourages the delegates to achieve not only their own career goals but also those of their organisations.

We carefully balance lectures with interactive training so that we can focus on building the delegates' understanding of the applicable insurance products and processes and the specific skills they require.

We demand high standards from the speakers and our success is measured by the feedback we receive from our delegates.

We also offer JLTAcademy courses in other business sectors.

For further information please visit:  
<https://www.jltspecialty.com/our-insights/events>

### OIL & GAS TRAINING COURSES

JLT has been delivering Energy Insurance and Risk Management Training Courses since 2001.

In 2019, we are offering two courses in July focussing on:

- Upstream Oil & Gas
- Downstream Oil & Gas

The courses include presentations from JLT experts as well as from specialist guest speakers representing underwriters, loss adjusters, risk engineers, lawyers and risk and insurance managers.

Delegates will also participate in workshops and team tasks, enabling them to apply newly gained knowledge to potential risk scenarios.

In order to allow the most interactive environment for discussion and debate, we set a strict limit on the number of delegates on each course.

# UPSTREAM OIL & GAS

## COURSE CONTENT

- Upstream operating insurances including property, control of well, third party liabilities and package insurances
- Offshore construction insurances
- Role of the Marine Warranty Surveyor
- Global insurance markets for upstream risks
- Claims handling, procedures and case studies
- Interactive claims exercise
- Interactive course overview task.

The course includes a tour of Lloyd's of London.

Where appropriate, some sessions will be run jointly with the [Downstream Oil & Gas](#) course.

## COURSE DATES

Monday 1 July 2019 at 08:30  
to Friday 5 July 2019 at 13:30

Otherwise, sessions will usually start at 09:30 and end at 17:30.

There will be a welcome reception after the session ends on Monday and a course dinner on Wednesday evening.

## COURSE VENUE

The course will be held in the conference facility of the Grange City Hotel, about 500 metres from JLT's London headquarters.

The Grange City is a luxury hotel in the City of London near the River Thames, commanding sweeping views over the Tower of London and the iconic Tower Bridge.

<https://www.grangehotels.com/hotels-london/grange-city/about-this-hotel/>

This location facilitates access to experts in JLT and the wider insurance community.

## COURSE FEE

GBP 2,250 (+ VAT where applicable).

This charge covers all course material, refreshments on each of the course days and lunches Monday to Friday as well as the course dinner.

Travel, accommodation and other expenses are borne by the delegates.

## HOW TO APPLY

Participation in either course is by invitation only and places are limited.

Training Courses

London Summer Courses  
1 – 5 July 2019

## WHO SHOULD ATTEND?

Our courses are designed for those working within risk and insurance in

- upstream and downstream oil and gas companies,
- insurance and reinsurance brokers,
- insurers or reinsurers involved in the handling of oil and gas risks, and
- anyone involved in the insurance aspects of oil & gas projects.

Delegates require a good understanding of English in order to participate in the lectures and interactive sessions.

## BY ATTENDING EITHER COURSE

Delegates will:

- gain a deeper understanding of Upstream or Downstream Oil & Gas insurances
- learn about the role of the broker in structuring and placing energy insurance risks
- increase their understanding of the international energy insurance market
- gain knowledge on how an energy risk is underwritten and the background to brokers' requests and advice
- become more familiar with:
  - specific wordings
  - the claims handling processin construction and operational energy risks
- hear first-hand experiences from JLT and external energy insurance specialists
- have the opportunity to network with peers from around the world, exchanging knowledge and experience.

# ABOUT JLT

## JLT SPECIALTY LIMITED

JLT Specialty provides wholesale and retail insurance broking, risk management and claims consulting services, concentrating on sectors where we can make the greatest impact.

We offer a focused, client-centred approach. Our success comes from getting to know and understand our clients' business needs and requirements.

## ENERGY

JLT Specialty's global Energy team of over 240 experts provides energy insurance services and advice as well as placement, negotiation, risk engineering and claims handling to our clients and broker-partners.

Our clients benefit from the diversity of our global team which includes colleagues with experience as risk managers, underwriters, loss adjustors and risk engineers.

Our team goes the extra mile to get the deal done. Our exceptional client retention rate is a measure of our clients' appreciation of our proven track record in dealing with complex energy-related risks.

Our claims team is committed to guiding our clients through what can be a challenging process and has the influence and expertise to ensure that they receive accurate and timely settlements.

## JARDINE LLOYD THOMPSON GROUP PLC

Jardine Lloyd Thompson Group (JLT) is a global organisation of specialists and one of the world's leading providers of insurance, reinsurance and employee benefits related advice, brokerage and associated services.

We have offices in over 40 territories with more than 10,000 colleagues. Supported by the JLT International Network we service clients in over 135 countries. This enables us to offer our clients effective global solutions and on-the-ground advice from local experts.

Our collaborative approach enables us to share knowledge, solve problems and deliver the best solutions for our clients. We have the freedom to take on new challenges, think creatively and capture opportunities that others may not.

We always aim to do what is right for our clients, our colleagues, our trading partners and our shareholders.
